

Discover the Industry-Leading POS Solution for Thrift Stores

Elevate customer and donor experiences with our thrift store POS software, designed to streamline operations and enhance productivity. Automate inventory tracking, target customer marketing, and implement flexible loyalty rewards programs to boost revenues. Enjoy reliable support servicing midwest thrift stores, with nationwide service options available.

Elevate Your Thrift Store POS System

Donations & Customer Loyalty

With our software, you can simplify donation processes, capture donor information, and issue receipts effortlessly. Engage donors with targeted discounts and membership clubs to boost return visits. Loyalty features enable seamless discount and promotion management, driving sales effectively.

Inventory Management

Utilize our solutions to generate reports on production requirements and weekly sell-through rates, aiding decision-making. Identify overstocked departments swiftly to implement promotions or loyalty bonuses. Our solutions optimize the value of pulled merchandise in closeout or pound stores.

Custom Business Production

Empower your staff with a flexible solution for inventory management. Adapt to your processes with various tagging and pricing options and automate discounts and event promotions for increased sales. Enjoy production flexibility, potentially boosting sales by 5% on average.

Ease of Use & Loss Prevention

Our solutions ensure efficiency for all employees. Automatic pricing calculations, whether using presets or barcode scanning, prevent errors from manual entry. Benefit from loss prevention and security features, such as monitoring employee activities to curb shrinkage and losses.
